

VA Northeast Ohio Healthcare System - PGY2 Ambulatory Care Pharmacy Residency

The PGY2 Ambulatory Care residency is designed to develop an expert in ambulatory pharmaceutical care. The resident is part of an interdisciplinary team providing chronic disease management during individual and shared medical appointments. The residency promotes individual development, self-reliance and responsibility to the patient with an emphasis on time management skills. Upon completion of the residency, the resident will be prepared to serve as a clinician and a teacher/consultant in an ambulatory care setting.
